Pay €152.50

ATTENTION: To complete the payment process it is necessary to:

- Declare in which country you are a resident
- Have a credit card issued by a bank of that declared nation
- Have a phone number of that declared nation
- For companies: Have a VAT registered also in the European VAT-VIES context (ask your accountant for information)

In compliance with the European MOSS system, the system detects if your European VAT number is correct (removing any amount of VAT if it is the case); if you are not a company, the data provided will be used to apply the correct VAT.

If you are resident outside the European Union, the system will automatically delete the VAT amount. If you are resident in (CY), VAT will always be added.

Insert your name or the name of your company

Insert your Email address

Enter the zip code of where you are resident

Select your country of residence

If you are a company, enter your VAT Number, for example: 258621458

The system automatically detects if your VAT number is registered in the European context; if it is so, the amount of VAT will disappear.

Attention:

Check with your accountant if your VAT number is registered in the European context, this registration is not always automatic.

If your company is based in Cyprus then VAT will be charged anyway.
